The Election Commission of India has streamlined many services through its official portals. This is especially useful if your original card is damaged, lost, or if you simply need an additional copy for record-keeping. The official platform for this is the National Voter's Service Portal (NVSP) and the Chief Electoral Officer, Delhi website.

Who Can Apply for a Duplicate or Reprint?

Any registered voter in Delhi can apply for a reprint of their voter ID card. This service is available to those who have already been issued an EPIC but have lost the physical card, have a damaged card, or want a fresh printout with updated details. The **Voter Id Card Print Online Delhi** service is not for new registrations; first-time voters must go through the new voter registration process separately.

STEP-BY-STEP PROCESS TO GET YOUR VOTER ID CARD PRINT ONLINE IN DELHI

Obtaining a duplicate or reprint of your voter ID card is a straightforward process when you follow the correct steps. Below is a detailed walkthrough to help you successfully complete your **Voter Id Card Print Online Delhi** request.

Step 1: Visit the Official NVSP Portal

Go to the National Voter's Service Portal at www.nvsp.in. This is the central platform for all voter-related services in India. For Delhi-specific queries, you can also visit the Chief Electoral Officer, Delhi website, but the NVSP portal is the most comprehensive.

Step 2: Log In or Register

If you already have an account on the NVSP portal, log in using your registered mobile number or email ID. If you are a new user, you will need to register by providing your name, mobile number, email address, and setting a password. Your mobile number must be linked to your voter ID details for seamless verification.

Step 3: Navigate to the Reprint Service

Once logged in, look for the option that says "Apply for Duplicate EPIC" or "Reprint of Voter ID Card." This service is specifically designed for those who need a **Voter Id Card Print Online Delhi**. Click on it to proceed.

Step 5: Verify Your Identity

The system will send a one-time password (OTP) to your registered mobile number. Enter the OTP to verify your identity. This step is crucial to prevent fraudulent requests and ensure that only the legitimate voter can access their details.

Step 6: Upload Required Documents

For a duplicate or reprint, you may need to upload specific documents, although in many cases, the system already has your details on file. If any documents are required, they typically include:

- A recent passport-sized photograph
  li>Proof of address (Aadhaar card, passport, driving license, etc.)

  li>An affidavit or self-declaration about the loss or damage of the original card

Step 7: Choose the Print Option

After verification, you will see the option to download the PDF of your voter ID card. This is the digital copy that you can print at home. The **Voter Id Card Print Online Delhi** process essentially ends here—you can take a printout on good quality paper and laminate it for durability.

Step 8: Pay the Fee (If Applicable)

As of the latest guidelines, there is no fee for downloading and printing your voter ID card online. However, if you opt for a physical reprint to be delivered to your address, a nominal fee may apply. Check the portal for the latest fee structure.
